LOT 10 - Hydraulic Wall Saw System with Eaton Vickers Controls, Blade Guards and Tracks

Description

Complete hydraulic wall saw system featuring an Eaton Vickers pressure-reducing valve assembly, blade motor, manual control levers, and mounting hardware. Includes multiple heavy-duty aluminum saw blade guards, a rail-mounted cutting head, and

linear track segments for guided concrete cutting. Designed for vertical or horizontal applications, this setup is ideal for structural concrete modifications, demolition prep, or precision wall penetration work.

Quantity: 1
